

CITY OF ALTAMONT

407 S HUSTON ▪ P.O. BOX 305 ▪ ALTAMONT, KS 67330
PHONE (620) 784-5612 ▪ FAX (620) 784-5882 ▪ WEBSITE: ALTAMONTKS.COM

Dear Altamont Resident,

The Environmental Protection Agency (EPA), in conjunction with KDHE, are requiring all Public Water Supply systems to conduct a Lead Service Line Inventory of both the public and privately owned water services within our jurisdiction. We would like to stress to you that the City of Altamont currently and in the past has not had any lead issues within our water supply system.

We are sending out this survey in our efforts to obtain information about the privately owned (customer side) service lines within the system. ***Please fill out the survey located on the back of this letter, to the best of your knowledge.*** This information is crucial for us to complete our systems material evaluation. We greatly appreciate the members of our community that take time to participate in this important study.

Please return this survey at the City Office during business hours Monday-Friday 8-5 or in the utility bill drop box outside of the City Office. If you have any questions or need assistance filling out your survey please call Altamont City Office at (620)784-5612.

*****If you are a renter and are not capable of filling out the survey, please return it with your address as well as your landlords name. This will help us to make contact with the correct contact person for your address.**

Service Address: _____

Customer Name: _____

Landlord Name If Renter: _____

Signature/Date: _____

Because of recent updates to drinking water regulations, the Kansas Department of Health and Environment (KDHE) is requiring each public water system to gather data on their customer's plumbing. KDHE is requiring all water systems to identify each service line, including private home plumbing materials.

The following information is needed about your home's plumbing.

Water service line (water line from the meter to the house) construction material	<input type="checkbox"/> Lead <input type="checkbox"/> PEX <input type="checkbox"/> Copper <input type="checkbox"/> Asbestos-Cement <input type="checkbox"/> Galvanized Steel <input type="checkbox"/> Other Non-Lead <input type="checkbox"/> PVC <input type="checkbox"/> HDPE
Water service line size	_____ inches
Water service line installation date	_____ Year
Building Type	<input type="checkbox"/> Single-Family Residence <input type="checkbox"/> Multi-Family Residence (Apartment) <input type="checkbox"/> Building <input type="checkbox"/> Other
Water softener, filter or other treatment	<input type="checkbox"/> Yes <input type="checkbox"/> No
Home internal plumbing material	<input type="checkbox"/> Lead <input type="checkbox"/> HDPE <input type="checkbox"/> Copper <input type="checkbox"/> PEX <input type="checkbox"/> Galvanized Steel <input type="checkbox"/> PVC <input type="checkbox"/> Copper Pipe with Lead Solder <input type="checkbox"/> Other Non-Lead
Secondary internal plumbing material	<input type="checkbox"/> Lead <input type="checkbox"/> PVC <input type="checkbox"/> Copper <input type="checkbox"/> HDPE <input type="checkbox"/> Galvanized Steel <input type="checkbox"/> Other Non-Lead <input type="checkbox"/> Copper Pipe with Lead Solder <input type="checkbox"/> PEX
Year (range) internal plumbing was installed	<input type="checkbox"/> Before 1989 <input type="checkbox"/> Between 1989 and 2014 <input type="checkbox"/> After 2014
